English Language Arts

- Students continued to learn about homonyms
- Students learned how to compare and contrast
- Students learned how to become experts on a subject by unlocking keywords in a text
- Students learned how to unlock facts from a book

Target Language Arts

Spanish

French :

Students started to work on the story of Le loup qui faisait le tour du monde. We learned about Europe and France, Italy and England by making posters and through discussion about our own experiences. Students are working in group to write a skit about travel.

In writing, we started our second Unit in French. We are writing lab report and working as real scientists Students are very excited to know more about the procedure and the other steps that would make their experiments successful
