

Fifth Spanish

Greetings 5S Families,

We hope everyone is well and healthy. This week, our scholars used their persuasive writing skills in Units of Inquiry to write essays on why their companies are the best, showed off their decimal addition and subtraction skills in a math quiz, and prepared scripts for a debate on an argumentative issue of choice.

Next week, our scholars will prepare their final presentations for their companies and make final changes on their debate scripts using all they know about persuasive writing and skills of reading argumentative texts.

Have a great weekend,
