

Community building activity: the highest tower!

English Language Arts

Students are continuing Reading Workshop beginning each lesson with a strategy that is modeled to the students while we read aloud the book *Tiger Rising*. From their students, practice the strategy on their own during 30 minutes of silent reading. During this time, students are also being individually tested for the reading levels.

French Language Arts

This week, students will start with the *P'tit Moment Philo*, a little philosophic quote, that students will be invited to discuss and reflect on. Students will then do an activity that will help them to read chapter 5 and 6 of *Brandon Brown dit la Vérité* for homework! Last week we collectively read a book, to practice and have an idea of what one of the reading center will look like. This week, we will also start to introduce some other centers!

Units of Inquiry

- Planning a field trip to The National Museum of American Indians.
- Students are exploring and selecting native expression to research.
- Forming opinions on the native expressions that they have been presented with. Improving research skills.

Math

- We are finishing Unit 1 and will start on Unit 2 which organizing and describing data.
- Unit two Generating and Representing Measurement Data: Collecting data and comparing data with another class. In this unit students will collect the heights of first graders.

Events

- 9/29 Garden Volunteer Work Day
- 10/2 Walk and Roll to School Day
- 10/4 First Friday

Reminders

- Please do not drive up Oakview Terrace for drop off and please be mindful of DC traffic laws on Oakview Terrace and within the community. **Do NOT block driveways on Oakview Terrace.**
