

March 20, 2020

Good afternoon,

In accordance with Mayor Bowser's most recent announcement, Stokes School will extend our school closure until April 27. In the coming days we will have additional information to share with you regarding educating your children remotely.

Stokes School will continue to follow the guidance of federal and city government officials to determine when the school will re-open. We appreciate your cooperation and will keep you updated as soon as decisions are made.

Please be safe and well,

Erika Bryant  
Executive Director
