English Language Arts

This week we will continue our English writing sessions and edit our current teaching books. We will begin to prepare writing Chapter Books upon returning from break!

During Reading, scholars will learn strategies to crash difficult words together and then check to see if that word makes sense. Readers will practice slowing down to reread.

In Phonics, we've added some new sight words. We are learning how to use our CVCe knowledge to make words with Phonograms.

French Language Arts

For the last week before break in French Language Arts, we will be reviewing our work and continuing reading and associating the sounds. Exploring vocabulary/ expressions around Holidays for our activities. More resources will be provided to

Units of Inquiry

(How We Organize Ourselves)

This week for UOI we will practice reading a map and finding 4 items that First Spanish placed in locations around the school. We will talk about our Classroom about how we can continue to organize ourselves in our daily space where we learn and play.

Math

This week in Math, students will continue to work on visualizing, representing, and solving put together/take apart story problems with multiple addends and the total unknown. They will use numbers, pictures, words and/ or equations to represent a solution to a problem with multiple addends.

keep our scholars enjoying French at home
during the break!
